Resolved that according to the opinion expressed by Colonel Campbell, the then Deputy Commissioner, in a previous meeting, and as the Board concurring in his views, considers that their services were, not to say absolutely necessary, such that the country would feel it as a great boon conferred on it, provision be made for 3 more Midwives in addition to the two already provided for and that they be appointed in the following circles :—

The Koppa Amildar stated that the Matt and the Municipality together would bear half the charges.

After much discussion, it was resolved that the Government sanction be solicited for a contribution of one-fourth of the cost of the Dispensary being met from District Funds on condition that the remaining three-fourths be borne by the Matt and the Municipality together (in such proportion between them as may be considered expedient before finally deciding the question) as the Dispensary will be of great use to the Government villages of Kigga, Kere and Nemmar Maganis of the Koppa Taluk beyond the Sringeri Jahgir, and others who may find it convenient to visit the place and indispensable in a place like Sringeri always more or less sickly and thronged by pilgrims.
